

Lutheran Church in the Philippines Expresses Deep Grief over Innocent Victims of Senseless War between Israel and Palestine

The Lutheran Church in the Philippines (LCP) wants to express her deep grief over the innocent victims of the senseless war between Israel and Palestine. We join the Lutheran world community in denouncing the unjust aggressions and illegal occupations of the Israelis over the Palestinian territories. We know that our voices are just like whispers that can't be heard under the sounds of guns and bombs. But we hope that they can be like an unseen cool breeze in the desert that soothes the pain of those who are falling.

With heavy hearts, we pray for SHALOM.
