The [LWF Code of Conduct regarding Abuse of Power and Sexual Exploitation](#) is intended to serve as a guide for LWF staff to make ethical decisions in their professional and at times in their private lives. It is designed to assist staff to better understand the obligations placed upon their conduct. It refers to any kind of misuse of power and exploitation in the working relationships among LWF employees and with those they serve.

The purpose of the [LWF/DWS Complaints Mechanism Policy and Procedure](#) is to have a transparent process in place on how to concretely respond to and address any issues or concerns, including allegations of sexual exploitation, fraud, corruption, mismanagement or abuse of power. A ***complaint is an expression of concern or dissatisfaction by an individual or a group, related to possible misconduct by LWF/DWS.*** This could be in relation to program activities or conduct of its personnel, how LWF works with the communities or affected population and partners, or when LWF/DWS policies and guidelines are not respected.
