Wibrandis Rosenblatt (1504-1564)

She lived in a period of huge upheaval in Basel, Strasbourg, and Cambridge. In the course of her life she married four times, giving birth to 11 children. Three important reformers (Johannes Oecolampad, Wolfgang Capito, and Martin Bucer) shared their private and spiritual lives with her. Even in difficult conditions she kept a hospitable vicarage, taking in orphaned relatives and refugees, and corresponded with many Reformers’ wives.
